## Abstract

*This retracts article Marwa T, Karanja S, Osero J, Orago A. The effects of HIV self-testing kits in increasing uptake of male partner testing among pregnant women attending antenatal clinics in Kenya: a randomized controlled trial. Pan Afr Med J. 2019;33: 213 | doi: 10.11604/pamj.2019.33.213.14160.*

## Retraction

We, editors of The Pan African Medical Journal hereby notify readers of the retraction of the article “The effects of HIV self-testing kits in increasing uptake of male partner testing among pregnant women attending antenatal clinics in Kenya: a randomized controlled trial” by Tom Marwa *et al.* [1] published in 2019. The article is retracted due to

the Copyright Act of Jhpiego Corporation in accordance with its intellectual property policy. An internal investigation has raised sufficient evidence of the use of data by Tom Marwa *et al.* without authorization; as such, we retract this article from the literature in accordance with guidelines and best editorial practices from the Committee on Publication Ethics. We apologize to our audience about this unfortunate situation.
