Annex 1: checklist for documentation of Google Trends^{TM} research, modified from Nuti *et al.* 2014

Section/topic	Checklist item
Search variables	
Access date	18th October 2020
Time period	27th February to 30th September in 2019 and 2020 respectively
Query category	All query categories were used
Region	Nigeria
Countries with low search volume	Low search volume states were excluded by Google Trends^{TM}
Search input	
Non-adjusted	"Cardiac arrest", "heart attack", "heart arrest", "cardiopulmonary resuscitation", "basic life support", "heart stoppage"
Adjusted	None
Rationale for search strategy	
For search input	Choice of search terms was guided by common key words in the cardiac arrest literature
For setting chosen	We chose the all categories to not limit the output. Google Trends^{TM} Automatically excluded states with low search volume
