To identify the types of reporting systems event-based surveillance deployed across the states in nigeria		
10	Which of the following does your state use for reporting such events? (Tick as appropriate)	SMS: 1) Long code (eg 08012332174) 2) Short code (e.g. 52523)
		Voice Call: [ ] 1) Long code (eg 08012332174) [ ] 2) Short code (e.g. 52523) [ ]
		Social media and web: [ ]
		1) Facebook [ ]
		a) Dedicated to reporting such health-related events [ ]
		b) Non dedicated(random) [ ]
		2) Twitter [ ]
		a) Dedicated to reporting such health-related events [ ]
		b) Non dedicated (random) [ ]
		3) WhatsApp [ ]
		a) Dedicated to reporting such health-related events [ ]
		b) Non dedicated (random) [ ]
		4) Email: [ ]
		a) Official [ ]
		b) Personal [ ]
		c) Personal [ ]
		5) Reporting to health facilities [ ]
		6) Reporting to DSNOs [ ]
		7) Reporting to community volunteers/influencers [ ]
		8)Others:..
To identify self-reported functionality of the reporting systems		
11	Is the system currently in use?	Yes [ ] no [ ]
12	Are there responders dedicated to the systems:	
		i) SMS Yes/no
		ii) Voice call Yes/no
		iii) Social media Yes/no
		iv) Health facility Yes/no
		v) DSNOs yes/no
		Vi) Community volunteers/influencers yes/no
		vii) Others ....

13	**Are these responders hired, trained and paid?**	
		i) Digital (Sms/Voice/social media) [ ]
		1) Hired [ ]
		2) Trained [ ]
		3) Paid [ ]
		i) Non-digital: (DSNO/community volunteers/influencers) [ ]
		1) Hired [ ]
		2) Trained [ ]
		3) Paid [ ]
14	Is there an associated data management system?	Yes [ ] no [ ]
Minimum requirements for ebs		
15	Does your state have an emergency preparedness and response (EPR) committee?	Yes [ ] no [ ]
16	If yes, is the EPR committee in your state functional?	Yes [ ] no [ ]
